

# Vibes is the most trusted Tier 1 messaging aggregator in North America.

Our direct carrier connections and hands-on personal service pair the A2P messaging reach and reliability you **expect** with the trusted long-term relationship you **deserve**.

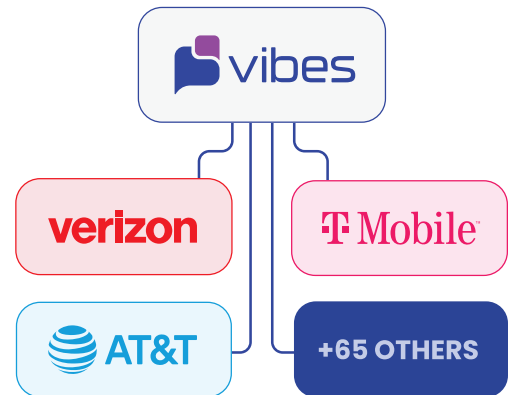

## The only independent Tier-1 aggregator.

All we do is mobile messaging. We don't do voice or email. We've built our business on **reliable, high-speed text message routing and aggregation** for over two decades. When you partner with Vibes you can be sure that your text messages take the fastest path from you to consumers without sending through your competitors.

## Trusted, longtime carrier connections you can count on.

Vibes is 1 of only 4 companies with direct connections to every US carrier. Our longtime relationships with **Verizon, AT&T, T-Mobile** and 65 other regional carriers means we know everyone's rules, and we bring the "one-stop-shop" experience to ensure that text campaigns run smoothly and correctly.

# Eliminate the hops.

Vibes delivers industry-leading throughput and the **absolute shortest path from "sent" to "seen"**. Because we've built our business on reliable, high-speed text message routing & aggregation for over two decades, Vibes ensures your text messages take the fastest path from you to consumers, without sending them through your competitors.

## One central hub for Short Codes, Toll-Free RCS and 10DLC.

No matter how you choose to send it, we're there to help. Vibes has **the quickest turnaround times in the industry**, so we ensure your mobile numbers are provisioned 3x faster, program briefs get approved 2x faster, and we increase throughput when your business requires it.
