

Guangzhou Tozed Kangwei Intelligent Technology Co., Ltd

LEADING WIRELESS SOLUTION PROVIDER

www.gztozed.com

COMPANY PROFILE

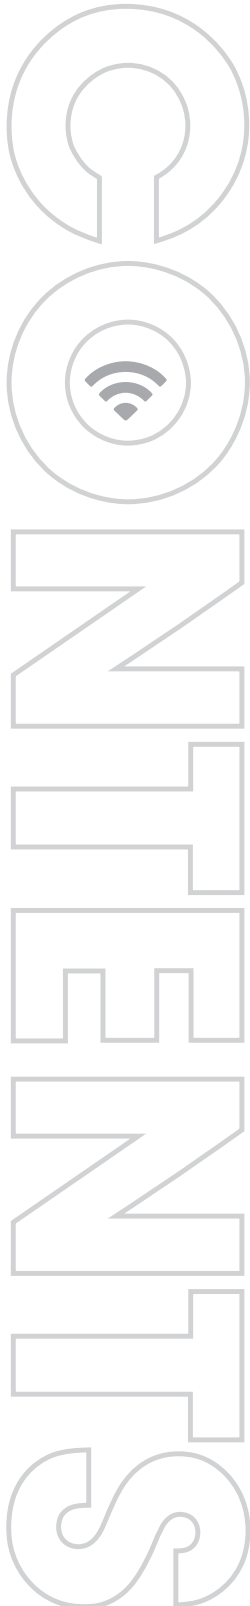

TOZED was established in February 2002 with a registered capital of RMB 77 million, which is a leading supplier of wireless communication terminal technology solutions and equipment.

Tozed has a core team of more than 18 years of experience in R&D, sales and service of communication equipment. It has extensive experience in providing equipment and system solutions for telecom operators and has a deep understanding of the industry needs and rapid response capability.

Over the years, Tozed has been committed to providing thoughtful technical solutions and efficient after-sales services for all types of customers. The business covers everything from voice services to extended data services, from end products to comprehensive solutions.

As a well-known enterprise in the wireless communication industry, the company has been recognized as a national high-tech enterprise, a "private leading enterprise in Shenzhen" and a member of the China Communications Standards Association. Tozed has always been committed to building the company into a first-class telecom equipment supplier and service provider in China with a firm and pragmatic attitude and the spirit of "unity, truth-seeking, integrity and innovation .
