

Guangzhou Tozed Kangwei Intelligent Technology Co., Ltd.

LEADING WIRELESS SOLUTION PROVIDER

WHY US

- Full Range Product supporting all platforms
- Customer Focus
- Cost-effective

COMPANY PROFILE

TKit (Guangzhou Tozed Kangwei Intelligent Technology Co., LTD) is the pioneer of 5G/4G CPE provider, which has **20 years+** experience in **telecom communication industry**.

TKit focuses on the customized design, development and manufacturing of 4G/5G wireless communication terminals and solutions. Offering robust-built and cost-effective products, including **4G / 5G CPE, Mi-Fi, Wi-Fi router, GPON, Fixed wireless phone, Industrial router and IoT solutions** etc.

With the development of wireless communication technology, TKit keeps pace with the times and produce work of the finest quality, technology and aesthetics products, to adapt to new business style and application scenarios. Meanwhile, TKit always provides great service based on the attitude of creating value for customers.

Our products have been exported to **100+ countries**, serving **40 million+** people worldwide. We are committed to build a better connected world.

Connect to Better Future
