

Blackview

— Enjoy Smart Life —

ABOUT BLACKVIEW

Blackview is a technology-driven company. We insist on creating great products with enjoyment of smart life as its core. We aim to build a bridge between humans and the joyful life of digital world.

For more than 10 years, we've always been focusing on communications industry and technological innovation. We are committed to using the technology to spark the joy of smart life.

“The ultimate goal of technology is to allow people to live a blissful life with dignity.”

—David Xu, Blackview founder, President and CEO
