About Ulefone

Dare to Explore

Ulefone is a smart device brand officially established in 2014. At Ulefone, we design, create and deliver premium products and services for adventurous people all over the world. We are committed to making Ulefone a top brand that leads the industry in innovation.

In 2016, Ulefone announced its first rugged product, the Ulefone Armor, which garnered extensive support. In the next 7 years, we launched up to 40 rugged mobile devices aimed at different markets and groups, as well as multiple product lines such as Power Armor, Armor, and Armor X. As the fastest-growing rugged phone brand, Ulefone has won the hearts of more than 10 million users and is firmly among the mainstream rugged phone brands. So far, Ulefone has entered more than 100 markets worldwide, including Europe, North America, the Middle East, Africa, etc.

Ulefone, as an innovative electronics company, enjoys a complete development, production and sales system. We currently have about 200 engineers and a self-owned factory of 10,000 square meters. We take quality control seriously, and each of our products passes strict and scientific inspections before it reaches the market. Ulefone is a trustworthy company for providing products that are durable, professional, and highly efficient.
