

Innovative partner
orchestrating your 5G experiences with streamlined precision

INNOWIRELESS

LIG

First to Frontiers,
We bring you the FIRST

Technology-leading Company in Wireless Networks

Innowireless is a leading Korean company that supplies cutting-edge network test equipment solutions to major global mobile communication service providers and device manufacturers

Established Sep 2000

Listed on KOSDAQ Feb 2005

Location Innowireless Building 190, Seohyeon-ro, Bundang-gu, Seongnam-si, Gyeonggi-do, Korea

Corporate Structure

We pursue continuous innovation based on technology

LIG
Holdings

Innowireless

Founded	November 1999
HQ	Korea
Total Assets	USD 3.5 B
Revenue	USD 2.0 B
Employees	7000+
Biz Area	Investment Business (Defense industry, IT, Service)

Mobile Network Test solutions 

- R&D | Manufacturing
- Korea Sales | Marketing
- Tech Support

Founded	September 2000
Joined LIG	November 2020

Main Solution Categories

- Base station inspection
- Test equip. for radio station approval
- Radio signal stability diagnostics
- Field to lab replication

T&M

- Network verification & optimization
- KPIs measurement and cloud-based root cause analysis
- Indoor, outdoor, driving and benchmarking test

Optimization

- Real-time monitoring of big data from core network
- Deriving intelligent and automated Biz Insight with AI/ML
- O-RAN E2E, IOT Test automation

AI/Big Data

- CAPEX & OPEX saving 5G, LTE small cell for Public & Private MNO
- All-in-one/Split Option2
- Real-time small cell management system
- Private 5G total Solution

Small Cell

- Standard compliant V2X BSM performance and Congestion testing
- V2X application bench test solution
- C-ITS RSU/OBU
- Automotive semiconductor solutions
