# Keys-To-Go 2

Ultra-portable wireless keyboard for tablets

Keys-To-Go 2, an ultra-portable wireless keyboard designed for tablets and mobile devices, features a slim, lightweight design and a protective cover for improved durability. Its comfortable scissor keys provide an efficient and more precise typing experience, compared to typing directly on a tablet screen. Connect via Bluetooth with up to three devices via the Easy-Switch keys, including tablets, mobile phones and laptops and choose between two layouts, Universal or Apple.

- Thin and lightweight design for ultra-portability
