All-In-One Machine

THE NEXT ERA OF  
CUT-ON-DEMAND  
SCREEN PROTECTION

**protection pro™**

Same Great Protection Pro Film--

## Designed Specifically for Nexera ONE Machines

ProtectionPro's most popular films (**Ultra HD, Ultra Matte, Privacy & Omni**) - now in NX1 5-layer all-in-one installation format are engineered exclusively for the Nexera ONE machine. Deliver the same trusted protection with seamless compatibility and effortless installs.

## Cut. Install. Done.

Introducing Nexera ONE, the ultimate all-in-one solution for ProtectionPro's cut-on-demand screen protection. Designed to revolutionize the device protection experience, this groundbreaking machine integrates cutting-edge technology with seamless precision. From cutting to installation, Nexera ONE ensures a perfect result - every single time.

**PERFECT ALIGNMENT EVERY TIME.**

### Prepare & Cut the Film

Integrated NEXUS app sends the correct pattern to the cutter. The integrated blade cuts the film with precision in seconds

### Place Phone & Film in Cradle

Automatic guides ensure precise placement every time - no fiddling, no frustration. The precision cut peg holes places the film

### Press "Start" & Done

The ONE button system aligns and applies the film like magic. Clean, centered, bubble-free installs - no special skills needed
